739252-B21 HP 460W Platinum Common Slot PS

Price: \$135.95

Manufacturer

739252-B21 HP 460W Platinum Common Slot PS

Product ID: 482025

Description:

HP 460W Common Slot Platinum
Hot-Plug Power Supply Kit

Part Number(s)

Option Part# 739252-B21
Spare Part# 742515-001
Assembly Part# 748379-201

Overview:

HP Common Slot (CS) Power Supplies share a common electrical and physical design that allows for Hot-Swap - tool-less installation into HP server and storage solutions. CS power supplies are available in multiple high-efficiency input and output options - allowing users to "right-size" a power supply for specific server/storage configurations and environments. This flexibility helps to minimize power waste - lower overall energy costs - and avoid trapped power capacity in the data center. A key part of the HP Thermal Discovery Services - CS Platinum/Platinum Plus Power Supplies provide the IT industry's highest level of power efficiency (94%) - helping customers to reduce power requirements by up to 60W per server and reducing overall data center power requirements by up to 10% (as compared to Proliant G6 power estimates). CS Platinum/Platinum Plus power supplies also enable HP Power Discovery Services which focus on increasing compute density while reducing data center outages

Specifications:

Category	Proliant
Sub-Category	Proliant Power Supply
Generation	460Watt
Part Number	739252-B21
Products ID	482025
Model	739252-B21
Device Type	Power Supply
Wattage	460W
Input Voltage	110-220 V AC
Hot Pluggable	Yes
Fan	Internal
